

April (Spring) Newsletter

Monthly Welcome

April is here and we are off to a wonderful start this month. On April 22nd we celebrate earth day! April is also autism awareness month. Be sure to check out the autism society page and learn about the early signs of autism in children. We are a community of explorers always looking to build on our prior knowledge.

As we prepare for earth day, we are asking for plastic bag donations for our upcoming project. Special thank you for your trust and partnership with LCDC as we work together for the betterment of our little ones.

"Our children are the priority. Change is the reality. Collaboration is the strategy."
